

PROJECT CASE STUDY

**Verve Apartments
464 – 470 King St,
Newcastle West 2302**

**Project No: 00003
Date : 03.07.2018
Product : X200 Densi-Proof
Area : Podiums & Balconies**

Scope of works

In 2019, X200 Densi-Proof was applied to the concrete on the podiums and balconies during the curing stage at the Verve Apartments Newcastle Australia. The owners sought a curing regime that would additionally waterproof, harden & densify the concrete. The performance of X200 Densi-Proof provided the necessary strength to withstand the harsh environment of being located on the harbour side.

Features & Benefits

- Forms a permanent internal moisture barrier in the concrete, eliminating the risk of moisture compromising floor coverings, coatings, adhesives and sealers
- Cures, Densifies, Hardens and Waterproofs concrete up to 200mm
- Ideally applied as a cure at time of pour by spray
- Can be applied to existing if clean and porous
- System included in AS1884-2021 Floor Coverings-Resilient Sheet & Tiles – Installation Practises
- Acts as an internal moisture barrier for Floor coverings and Topical Coatings
- Application of Vinyl & Topical Coatings 2 weeks after pour or next day on existing
- Environmentally Friendly & HACCP Certified – Low Odour – LOW VOC
