

PROJECT CASE STUDY

Bright Day Child Early Education
208 Herston Rd, Herston QLD 4006

Project No: 00018
Date : 2024
Product : X220 Moisture Fix
Area : 1600 m2

Scope of works

Opened in early 2024, Bright Days Early Education is cutting-edge three-story facility designed to provide excellence in learning for children aged 6 months to 6 years.

To provide long term protection of the concrete subfloors from the threat of rising moisture and to provide longevity and integrity of the installed vinyl flooring system, X220 Moisture was applied to the prepared and cleaned concrete substrate across the three levels of the facility.

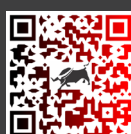

Twenty-four (24) hours post treatment by X220 Moisture Fix, the contractor commenced with the installation of the applied floor finishes allowing for an efficient fit-out program schedule required by the client to be met.

Features & Benefits

- Densifies, Hardens and Waterproofs concrete
- Designed for existing projects with high moisture content
- Can be applied as a curing regime at time of pour by spray
- Doesn't form a membrane – After trade friendly
- System included in AS1884-2021 Floor Coverings-Resilient Sheet & Tiles – Installation Practises
- Environmentally Friendly & HACCP Certified – Low Odour – LOW VOC
- Warranties of up to 15 years, supported by project specification and robust QC & QA procedures
