

PROJECT CASE STUDY

**Victorian School Building Authority
VSBA Bundle
RIVERDALE, AINTREE & WERRIBEE**

**Project No: 00021
Date : DEC 2023
Product : X220 Moisture Fix
Area : 4500 M2**

Scope of works

As part of the \$283 million State Budget, approved applicators were commissioned to treat specific sections of the concrete slab with X220 Moisture Fix. This treatment was essential to ensure long-term protection of the concrete subfloors against rising moisture, thereby preserving the integrity and longevity of the installed vinyl flooring system.

The X220 Moisture Fix was meticulously applied to the prepared and cleaned concrete substrate as per the project specifications prepared for each of three projects.

Features & Benefits

- Densifies, Hardens and Waterproofs concrete
- Designed for existing projects with high moisture content
- Can be applied as a curing regime at time of pour by spray
- Doesn't form a membrane – After trade friendly
- System included in AS1884-2021 Floor Coverings-Resilient Sheet & Tiles – Installation Practises
- Environmentally Friendly & HACCP Certified – Low Odour – LOW VOC
- Warranties of up to 15 years, supported by project specification and robust QC & QA procedures
