

# PROJECT CASE STUDY

**ALDI GLENUNGA**

499 Portrush Road, Glenunga SA 5064

**Project No: 00028**

**Date : June 2022**

**Product : X220 Moisture Fix**

**Area : 1200 m2**

## Scope of works

The moisture content in the existing concrete at the Aldi store was high. To ensure long-term protection of the concrete subfloor against rising moisture and to preserve the integrity and longevity of the installed vinyl flooring system, X220 Moisture Fix was applied to the prepared and cleaned concrete substrate.

Twenty-four (24) hours post treatment of X220 Moisture Fix, the contractor commenced with the installation of the applied floor finishes allowing for an efficient fit-out program schedule required by the client to be met.

## Features & Benefits

- Densifies, Hardens and Waterproofs concrete
- Designed for existing projects with high moisture content
- Can be applied as a curing regime at time of pour by spray
- Doesn't form a membrane – After trade friendly
- System included in AS1884-2021 Floor Coverings-Resilient Sheet & Tiles – Installation Practises
- Environmentally Friendly & HACCP Certified – Low Odour – LOW VOC
- Warranties of up to 15 years, supported by project specification and robust QC & QA procedures
